

John and Nancy Hubble honored at June meeting

June 2, 2007—Longtime North Forkers John and Nancy Hubble were presented a plaque honoring their years of service to the North Fork community at the North Fork Landowners' Association's June business meeting. The Hubbles are moving to Arkansas.

Thanks again, John and Nancy.

Also at the June 2 NFLA meeting, members voted that tables, chairs and other furnishings will not be available for rent and may not be removed from Sondreson Hall. Furniture often has been borrowed without permission, and it has been returned dirty, damaged or not at all.
