Property Description

Physical Address _____ County _____

City _____ State _____ Zip Code _____

Number of Acres _____

Approximate number of homes within 1000 feet of your property? _____

Yes **No**

Is there a house on this property?

Has this property been burned by wildfire in the last 30 years?

Are you interested in having an assessment of how you could reduce the risk of wild land fire and create defensible space around the residence and other structures on your property?

Would you like to receive specific information regarding fuels reduction assistance?

Are you interested in cost-share assistance for fuels reduction work?

Are you receiving or applying for hazardous fuels reduction cost-share from other sources

If so, please list them _____

We prefer to have the homeowner present when we perform an exterior hazardous fuels evaluation. If you are unable to participate for any reason, however, do we have your permission to enter your property and perform the evaluation in your absence?

Please provide a map or directions to your property, including any distinguishing features or landmarks we can use to identify the property entrance if it is not clearly signed at the point it joins the public road/street/highway.

I (we) understand that having a Wildfire Risk Assessment performed does not obligate me (us) to participate in FEPC's Northwest Montana Hazardous Fuels Reduction cost-share program, nor does it guarantee the availability of funds from that program if and when I (we) do apply to participate.
